We will not use the photos of any student whose parents have not given permission. We have two levels of use, the printed materials that go out locally posts on social media that may go anywhere in the world.

I give permission for the school to use my family's photos in the following ways:

- Any and all promotions

- Please do not use my child's photos for any outside materials or promotions

3. My child has special academic needs. I will describe, in detail, any physical or academic needs. I will also attach a copy of the most recent IEP or IESP if one has been written for my child. Include information on the diagnosis, the treatment or accommodations, and any special requirements to be addressed by the school and teacher.
