EX: If you have a 10th grader, a 7th grader, a 3rd grader, full tuition would be on the oldest. The 7th grader would receive the 2nd child discount, and the 3rd grader would receive the 3rd child discount. The total tuition would be \$15,015.

(Ask about our 15% **pastoral discount** for ordained ministers currently serving in the ministry and our **military/law enforcement discount** for active service families.)

All registrations completed after August 1, will be required to pay the registration fee and the first month's tuition at the time of enrollment.

CORNERSTONE KIDS PRE-KINDERGARTEN TUITION SCHEDULE FOR 2026-2027

For the upcoming school year, we are offering PreK 2 days per week. The days will be Tuesday & Thursday.
Cost: 2 Days per week is \$1050 per year plus a \$30 Registration Fee due at the time of registration.
Payment dates: August 15 - \$350; October 15 - \$350; December 15 - \$350

Fundraising Policy:

Along with the fixed tuition, families will also pay the reimbursable fund-raising fee of \$1200 for one child and the discounted fees noted on page one for additional children.

Everyone will pay the \$1200 throughout the year as part of the tuition. *Once the family reaches the net (not gross) fundraising amount of \$1200, their \$1200 will be offered back as a reimbursement, or it can be donated, as a whole or in part, back to the school. Any fund-raising done beyond the \$1200 will go entirely to the school.

*Credits or refunds will be done at the end of the school year.

At the end of the year each family will receive a statement of how much they raised toward their fundraising refund. They will be given three options:

1. Apply part or all of the money to their unpaid tuition balance including future year's tuition.
2. Receive the full refund.
3. Donate part or all of the refund to the school. If no option is selected, this is the default option.

If, by the end of the school year a family has not "fundraised" the net profit of \$1200, they will have a credit for whatever portion they have raised. They will have paid the \$1200, so if they raise \$400, the school will refund \$400.

This plan gives families the option to do the fund-raisers in order to recoup their money. Your fund-raising efforts will go directly to reducing your own tuition, not someone else's. Each family then has the incentive to gain personally from their efforts.

Those families who opt not to take part in the fund-raising still have that choice. The cost will be in line with the school's true funding needs and expectations.
